Harold Varmus, M.D.  
Director  
The National Institutes of Health

Dear Harold,

Thank you so much not only for making the effort to come and see me but for opening a dialogue that I think will be very helpful as we try to change attitudes and increase funding for research. Your quotes from FDR seemed to have the greatest impact when I spoke the other night and I thank you for sharing them with me. Of course we face an uphill battle but I am very pleased that you and Zach Hall and I have connected. I feel we're headed in the right direction.

Best Regards,

Christopher Reeve
